

# Thanks to you...

Every morning, upon awakening, many Jews say the prayer *Modeh Ani*, which roughly translates to *I thank you God for returning my soul to me*. It is a way to express gratitude for waking up because every day we have on this earth gives us another opportunity to lead a life filled with meaning, purpose, and love.

We are taught that the reason the prayer begins with *Modeh (Thank)* instead of *Ani (I)* is because gratefulness should come first above everything. When it comes to the work of the Jewish Federation of Howard County, this mentality is essential to our success. We could not do any of the work that we do without the

donors and volunteers who are so committed to our mission. It is only through their dedication that we can build and strengthen our community by caring for, supporting, and enriching Jewish life in Howard County.

This past year we were able to accomplish so much. We kicked off the process to revitalize our Social Service programs, expanded access to Jewish camp experiences, and brought our community back together for in-person gatherings after COVID limited our ability to connect with each other for such a long time. We premiered the Howard County Jewish History Project exhibit, created new partnerships to help reach unaffiliated community members, and experimented with innovative new programs. Our Jewish Community Relations Council successfully established new community alliances and partnered with county and statewide efforts to promote equity, diversity, and inclusion.

These successes were only possible because of the donors who support our organization. They were only possible because of the board members, committee members, and other volunteers who are consistently generous with their time, talent, and treasure to make our community strong.

Thank you to everyone in our community who supported the Federation last year.

Sincerely,

Rabbi Gordon Fuller  
President

Joel Frankel  
Executive Director
